Sir:

A Petition Under 37 CFR 1.183 was submitted February 17, 2005. On March 3, 2005, Senior Petitions Attorney Patricia Faison-Ball issued a Decision On Petition dismissing the Petition. The Decision addressed the Petition as if the Petition were directed to an allowed patent application rather than a granted patent. In a November 29, 2005 telephone conference with the undersigned, Ms. Faison-Ball agreed to grant the Petition provided that patentee provided her with this formal Request for Reconsideration and the attached Request for Certification of Correction. Prompt and favorable action is respectfully requested.

Respectfully submitted,

CAESAR, RIVISE, BERNSTEIN,

Sir:

It is respectfully requested that a Certificate of Correction be issued in order to correct the errors specified in the attached Certificate of Correction Form PTO/SB/44. As noted in the February 17, 2005 Petition Under 37 CFR 1.183:

Patentee respectfully requests that 37 CFR 3.81(a) be waived to permit the correct name of the assignee to be provided after issuance of the patent. The patent lists "Staib Instruments GmbH" as the assignee. The correct name of the assignee is Staib Instrumente GmbH.

The failure to include the correct assignee name on the PTOL-85B was inadvertent, and was based on an inadvertent typographical error in the original assignment. Copies of the original Notice of Recordation and the corrected Notice of Recordation are attached.

This Request is being submitted as an attachment to a Request for Reconsideration of the Decision on Petition.

Please send the certificate to the address associated with Customer No. 03000. Please charge Deposit Account 03-0075 the sum of \$100.00 under 37 CFR 1.20(a) and any additional fees and deficiencies associated with this Certificate of Correction. A duplicate of this request is attached.
